Veteran Homestead Inc. RECEIVES $100,000 GRANT FROM NEWMAN'S OWN FOUNDATION

Funding will support The Northeast Veteran Training and Rehabilitation Center

Fitchburg Massachusetts – Veteran Homestead Inc. has been awarded a $100,000 grant over two years from Newman's Own Foundation, the independent foundation created by the late actor and philanthropist, Paul Newman. The award to The Veteran Homestead Inc. reflects the ongoing commitment of Newman's Own Foundation to organizations serving military service personnel, veterans, and their families.

"It is through the generosity of organizations like Newman's Own Foundation that we are able to provide the kind of housing and services that truly make a difference in the lives of our veterans and their families"

The Veteran Homested Inc. is dedicated to providing quality housing and services to veterans who are diagnosed with a terminal illness, are disabled or are otherwise in need and we will be using the funding from Newman's Own Foundation to support our services at the Northeast Veteran Training and Rehabilitation Center.

"We are proud of the men and women who have made innumerable sacrifices in service to our country," said Robert Forrester, President of Newman's Own Foundation. "For nearly 20 years, we have been supporting the organizations that help our nation's troops and their families. This funding is intended to further the impact that our grantees are having in the lives of individuals and families in their time of need."

Paul Newman established the Foundation in 2005, as a means of continuing his pledge to donate to charity all net profits and royalties from the sale of products from Newman's Own, Inc. Since the food company's founding in 1982, Newman and Newman's Own Foundation have donated more than $350 million to thousands of charities worldwide.
